## **NORMANDY HARBOR INSURANCE CO. SELECTS MIDWEST INSURANCE SERVICES AS VENDOR**

AUGUST 30, 2010

Miami Beach, Fl – **Normandy Harbor Insurance Co.** (NHIC) has selected **Midwest Insurance Services, Inc.**, (MIS) of Maitland, Fla., as its exclusive vendor for policyholder administration and regulatory compliance.

NHIC, headquartered in Miami Beach, offers workers' compensation insurance to small and mid-sized employers throughout Florida. It markets its products and services through a contracted network of independent insurance agents.

MIS will provide NHIC agents and insureds enhanced on-line functionality, web-based application submission and integrated document management. The service company also will handle policy issuance and administration, data calls, and regulatory compliance consulting for NHIC.

In announcing the selection, NHIC President and CEO Therese A. Stevens said, "One of the hallmarks of our company is delivering highly personalized service to our insureds. Workers' compensation insurance is a complicated employee issue, and our policyholders have come to expect timely and proactive guidance from our staff. When we began our search for a vendor, our due diligence included a review of each company's customer service culture along with the standard financial and background examinations. MIS stood head-and-shoulders above the others on all of our metrics. NHIC is pleased to partner with MIS as we continue to deliver superior workers' compensation insurance coverage and service to Florida employers."
