**Normandy Insurance Company Expands Coverage of Workers' Compensation to Arkansas**

Deerfield Beach, FL (March 26, 2019) – Florida-based workers' compensation carrier Normandy Insurance Company is now offering workers' compensation insurance to small, mid-size, and large businesses in Arkansas. This is the fourth major expansion by the multi-state insurer since the beginning of 2019. Normandy now offers workers' compensation insurance in Florida, Georgia, Virginia, Pennsylvania, Texas, Oklahoma, Louisiana, and Arkansas.

“Normandy has enjoyed stable growth and operating results that enable us to continue our expansion across the country. We believe our success can be directly attributed to our customer service, common sense underwriting, and significant focus on claims management,” says Normandy's Senior Vice President & Chief Underwriting Officer Jayson Buechler. “By providing a well-rounded approach to worker's compensation insurance – from prevention programs through to the claims process – our customers can be assured of exceptional personal service throughout.”

Normandy has underwritten to a profit for many years. The company is well-positioned to provide innovative and cost-effective workers' compensation coverage in multiple states. In 2017, Normandy Insurance Company was assigned a Demotech Financial Stability Rating® of A (Exceptional) in recognition of the company's strategic growth and solid business operations.

**ABOUT NORMANDY INSURANCE COMPANY**
