January 23, 2019 – FOR IMMEDIATE RELEASE

### **Normandy Insurance Company Expands Coverage to Oklahoma**

Deerfield Beach, FL – Florida-based workers' compensation carrier Normandy Insurance Company is now offering workers' compensation to small, mid-size, and large businesses in Oklahoma. This marks the second major expansion by the multi-state insurer since the beginning of the year when they announced their [expansion into Texas](#). In 2017, Normandy began offering coverage outside of Florida by adding Georgia, and continued growing in 2018 by adding Virginia and Pennsylvania to its portfolio.

“By concentrating our services to workers' compensation insurance only, we offer a well-rounded approach to every client whether they're new in business, or have been operating for years.” Normandy's Senior Vice President & Chief Underwriting Officer Jayson Buechler. “At Normandy, we rise above the competition thanks to our flagship program that offers cost-efficiencies to fit any budget and preventative advice for a safer workplace.”

Normandy Insurance Company has shown steady growth since the company's inception in 2008. Besides extending their reach to five states, the company earned a Demotech Financial Stability Rating® of A (Exceptional) in recognition of the company's financial stability and operational performance.
